

**Mission:** Guide guests to stable housing using a program of sheltering, mentoring, and educating.

**Vision:** A community free from homelessness.

**Goals**

- Build and maintain a small community of temporary and transitional Tiny Houses in Chippewa County
- To offer case management and mentoring for all Tiny House guests
- To rent and maintain affordable housing units to meet a community need and ensure sustainability of Hope Village
- To operate and maintain a community center for the benefit of our guests/with a kitchen laundry room, showers, and severe weather shelter

**The next phase:**

Now that we have our tiny houses all moved to the village we are working on our next step; building affordable/workforce housing. This will include: 3-6 plexes, and 5 duplexes. These will consist of 1, 2, and 3 bedroom units. These apartments will help keep Hope Village sustainable.

**Connect with us at:**

1825 Kennedy Rd, Chippewa Falls, WI 54729  
Email: [director@HopeVillageChippewaFalls.org](mailto:director@HopeVillageChippewaFalls.org)  
Phone: 715-861-3802

## AFFORDABLE/WORKFORCE HOUSING

### Q: What is affordable/workforce housing?

**A:** Affordable/workforce housing refers to the housing supply that is most limited in our community. It is specifically designed to cater to the needs of lower-pay scale employees, enabling them to live in, work in, and serve our community. This type of housing provides accessible and affordable options for individuals and families who play crucial roles in various sectors, such as service industries, healthcare, education, and more.

By addressing the affordable/workforce housing crisis, we ensure that these dedicated individuals can find housing within our community, enabling them to stay and continue serving us in the roles we rely on.

### Q: Do you know ALICE?

**A:** ALICE stands for Asset Limited Income Constraint Employed. ALICE represents a significant portion of our community. In the past, this group would have been referred to as the working poor. However, we now recognize them as ALICE—individuals who are employed, contributing to our community, and facing financial constraints.

### Q: How many ALICE families are there in the city of Chippewa Falls?

**A:** In the city of Chippewa Falls, out of the total 6,295 households, a significant portion of them are ALICE households. Specifically, **46% or 2,896 households** fall into the ALICE category and are facing financial challenges. This means that almost half of the families in our wonderful city are struggling with housing costs and other economic constraints.

## Get Involved!

### Ways You Can Help!

Volunteering with Hope Village is easy and fun! There are so many different teams you can join or just pick up a couple hours at the community center! Your level of involvement is totally up to you and very appreciated.

If you're interested in finding out more please contact our volunteer coordinator at:

or sign up to volunteer by following this QR Code:

### Financial Contributions

The capital campaign aims to secure funds for the construction of 28 units of affordable housing, with the potential for expanding this impact even further.

By donating, you directly contribute to the development of housing that will benefit our workforce and have a positive ripple effect on the entire community.
