Hope Village Secure Living Plan Expectations

Welcome to Hope Village - Tiny Housing Alternatives Inc.

We are pleased to provide you with rent-free housing for the next 7 days. Your stay can be extended up to 140 days based on your progress. During your time here, you will work with the Hope Village Navigator and your mentors to create a Secure Living Plan with specific goals aimed at helping you transition to permanent housing.

How many nights of shelter do you expect to need from Hope Village?_____

Secure Living Plan

Your Secure Living Plan will include SMART goals, which are:

- **Specific** (I **will apply for 3 jobs this week)**
- **Measurable** (I **will make copies of the job applications)**
- **Attainable** (I **will set aside two hours for each application;** I **have six hours to spend on this)**
- **Relevant** (I **must establish an income for my family and me)**
- **Time-Bound** (I **will complete this by my next weekly meeting with my navigator and mentors)**

Goals:

Each of your SMART goals will fall into one of the following areas:

1. **Income-Related:**
   - Aim to secure sufficient income to rent an apartment/house within 140 days.
   - Save for your first month's rent and security deposit.
2. **Health-Related:**
   - Reestablish your health resources (e.g., sign up for Badger Care or Market Place insurance, find a primary physician, resume medication, seek counseling, mend relationships, and consider spiritual health).
3. **Housing-Related:**
   - From the first week, plan for your transition to permanent housing. Our goal is to be a temporary solution, helping you move into permanent housing quickly so we can assist others in need.

If the Navigator believes you are making progress on your Secure Living Plan, your stay will be extended by another seven days. The average stay at Hope Village is 140 days. By the end of this period, we expect you to be prepared to move into permanent housing, with established income and enough savings for your first month's rent and security deposit.

Weekly Meetings

- You will meet with the Navigator and mentors weekly to review and update your goals.
- During these meetings, you will share your financial information to ensure you are making progress toward your income goal and saving money for housing.

Please read, understand, and sign this document agreeing to follow the outlined expectations during your stay at Hope Village.
